19<sup>th</sup> December 2007

Dear Shippers & Customers,

### **RE: BAF & CAF INCREASE**

---

The unfortunate continuously rising oil prices have resulted in significantly higher bunker prices.

It is therefore with regret we have to announce that effective 1st February 2008, our bunker adjustment factor for cargoes to and from Australia will increase as follows:

Break Bulk	USD 25.00per Revenue Ton (presently USD20.00)
20ft Containers	USD 500.00per TEU (presently USD400.00)
40ft Containers	USD 900.00per FEU (presently USD700.00)

Due to increased costs in maintaining our level of service into Western Australian ports, we regretfully also have to announce effective 1<sup>st</sup> February, our currency adjustment factor for cargoes to and from Australia will increase as follows:

Break Bulk	USD 5.00per Revenue Ton (presently USD3.00)
20ft Containers	USD 100.00per TEU (presently USD60.00)
40ft Containers	USD 200.00per FEU (presently USD120.00)

In the of event of falling oil prices or a appreciating U.S. Dollar, we shall of course restore adjustment factors with immediate effect.

We appreciate your understanding and look forward to your continued support.

Thanks & Kind Regards,

Andersen Shipping Company Pte Ltd
